ST. STEPHEN'S EPISCOPAL DAY SCHOOL

“

A huge bonus has been the cost savings. Revolution Office's approach has **saved us thousands of dollars** compared to our old contract. It's not often you can say that upgrading your equipment actually saved money.

St. Stephen's Episcopal Day School is a Pre-Kindergarten through Grade 5 institution that has been dedicated to shaping the leaders of tomorrow since 1958. The school was founded by a small group of parishioners who dreamed of providing an outstanding Episcopal education that blends academic excellence with a deep commitment to values and ethics.

PROBLEM

The school faced **challenges with outdated copier technology** that often disrupted daily operations and caused unnecessary stress. They also felt they were **overpaying for their support from their previous provider. Their IT support, tasked with managing printer issues, felt overwhelmed by consistent copier downtime and the need for more reliable equipment.**

SOLUTION

Revolution Office **upgraded their copier technology with top-quality Ricoh multifunction copiers and Brother desktop printers**, handling the entire transition process, including delivery, setup, and disposal of their old equipment. We also **implemented Printanista and Papercut software** to improve efficiencies within their printing environment.

RESULT

With our recommendation, St. Stephen's Episcopal Day School achieved savings of **\$1,300 per month**, translating to **\$82,000 in savings** over the term of the agreement with their upgraded copier technology. Revolution Office also contributed a **\$5,000 unrestricted donation** to support their school's mission.
