*The Dream Center serves as a resource center focused on providing support to those affected by homelessness, hunger, and the lack of education through residential and community outreach programs.*

## PROBLEM

Dream Center Los Angeles faced many problems with their existing provider. There was a billing issue that persisted for two years. There were two separate leases and several service pools, creating multiple invoices per month. **The cost per copy rates were very high, resulting in an expensive service contract.** Meanwhile, the service level declined significantly over the years. Parts and supplies took much longer to arrive than previously.

## SOLUTION

Following a comprehensive print analysis, Revolution Office **expertly designed and implemented a new fleet that significantly improved performance while slashing printing costs.** This upgrade created operational efficiency, allowing Dream Center LA to prioritize its mission and boost productivity.

## RESULT

Revolution Office provided Dream Center LA with **\$50,000 in savings and made a \$5,000 unrestricted donation to further support their invaluable work.** Our partnership has allowed Dream Center LA to soar to new heights, positively impacting numerous lives along the way.
