Founded in 1876, Media-Providence Friends School provides preschool through eighth-grade students a welcoming, diverse learning community led by Quaker values.

PROBLEM

Media-Providence Friends School had an unreliable copier fleet that demanded frequent service.

Meanwhile, their account manager was difficult to reach for support. Director of Business and Campus Operations Syreeta Williams engaged Revolution Office to improve their fleet and service response times.

SOLUTION

Revolution Office upgraded the school's Kyocera copiers to the Ricoh brand, which **solved their reliability issues**. A device was also installed in Williams' office, addressing the staff and faculty's need for **convenient printing access**.

RESULT

By choosing Revolution Office, Media-Providence Friends School found a **dedicated account manager** committed to supporting all their copier and printer needs. They now benefit from a copier fleet with a **98% uptime and a 4-hour service response time**. Additionally, **we reduced costs for MPFS by 50%, a savings of \$25,000** over the term. We also provided an **unrestricted donation** to support Media-Providence Friends School's mission.
