

NEW ORLEANS MISSION SUCCESS STORY

“

After the upgrade, our team no longer faces interruptions in our day-to-day. **And thanks to Revolution Office's donation, we are one step closer to changing lives and creating a better future for the people we serve.**

The New Orleans Mission is a Christian humanitarian organization that is dedicated to the rescue, recovery, and re-engagement of people facing homelessness, addiction, human trafficking, abuse, or mental illness. Resources available to those in need include their food pantry, shelter, vocational training, and medical services.

PROBLEM

The New Orleans Mission faced a significant challenge in their daily operations. **Their aging copy machines across multiple facilities were unreliable and constantly breaking down.** This hindered their ability to provide essential services and drained their limited resources.

SOLUTION

We refreshed their fleet of copiers with the latest Ricoh devices. **The impact was immediate and transformative; with the new Ricoh devices in place, the Mission experienced increased efficiency, reliability, and cost savings.** Additionally, with Revolution Office managing their fleet, staff members no longer had to grapple with downtime due to machine failures and toner replenishment.

RESULT

By partnering with Revolution Office, the Mission not only upgraded their technology but also saved valuable time and money. **In addition, we provided an unrestricted donation to support the New Orleans Mission in continuing their vital work, reinforcing the spirit of community and compassion that lies at the heart of their mission.**
