Temple Akiba was founded in 1952 by a small group of families in Culver City with a vision to create a welcoming Jewish community. From its first Shabbat services and religious school to the construction of its dedicated sanctuary, the temple has grown into a vibrant center for worship, education, and community life.

PROBLEM

Temple Akiba was struggling with unreliable Toshiba copiers and **subpar service support**. **Frequent downtime** disrupted daily office tasks, causing inefficiencies for their administrative staff, while the temple continued **paying more than necessary** for equipment that didn't meet their needs.

SOLUTION

Revolution Office equipped Temple Akiba with Ricoh copiers, the #1 brand in the industry, and delivered a higher level of service with **faster response times**. This upgrade reduced their monthly costs, **improved staff productivity**, and created a more reliable, stress-free work environment that their **team is genuinely happier** with.

RESULT

Temple Akiba saved **\$240 every month**, achieving a **20% reduction in costs**. Beyond the savings, staff productivity improved, **daily workflows became smoother**, and the team now enjoys a more reliable, stress-free printing experience.
