Rooted in a rich tradition dating back to 1928, The Carey School embodies a commitment to academic excellence and core values of kindness, respect, and personal responsibility, enrolling 258 students from pre-kindergarten to fifth grade.

PROBLEM

When The Carey School engaged Revolution Office, they learned that **it doesn't take a large fleet to reap substantial savings**. Their existing two-device fleet came with a high price tag, spotty reliability, and unpredictable overage bills—until Revolution Office provided the solution.

SOLUTION

After a thorough review of actual usage data, Revolution Office delivered equipment that matched the required functionality and volume. **Adjusting allowances reduced high overage bills and made simple, predictable budgeting the norm.**

RESULT

As shown on convenient spreadsheet-based invoices, **The Carey School saved \$63,000 on copier/printer costs over the term—a savings of 50%**. Thanks to higher reliability, fewer service calls, and reduced costs, The Carey School now has additional resources to focus on other critical tasks.
