TRINITY SCHOOL

“

Working with the Revolution Office team was a pleasure from our initial conversation all the way through installation. We were even able to upgrade our machines to newer models. They have a truly **unique cost savings business model** that any organization should consider.

Trinity School cultivates academic excellence in an environment where each child is known, valued and has their unique voice. The legacy of a Trinity education is a curious mind and a discerning heart.

PROBLEM

Trinity School was facing **rising copier/printer costs and outdated equipment**. Their CFO was looking for a provider that could **reduce monthly expenses** while offering modern, reliable technology. The school needed a cost-effective solution that could be implemented quickly and without disruption to daily operations.

SOLUTION

Through their Cal-ISBOA membership, Trinity School accessed a **no-obligation cost-savings quote** from Revolution Office. After analyzing their current setup, Revolution Office proposed a plan that included newer, more efficient equipment, a right-sized fleet based on current usage, and the **absorption of the remaining lease balance**, this helped ease their transition without added cost pressure.

RESULT

Trinity School was able to lower its monthly copier/printer costs by nearly **40%**, resulting in an estimated **\$18,000 in savings over the term**. The transition to newer devices was handled smoothly, and the support throughout the process met the school's expectations.
