

UNION CITY APOSTOLIC CHURCH SUCCESS STORY

“

Thanks to Revolution Office's solution, our Church overcame high printing costs, billing issues, and inefficiencies with our machine. Our Account Executive went above and beyond. **The upgrade not only saved us \$25,000 but also allowed us to focus our time on the most important thing, PEOPLE.** Revolution Office's commitment is truly remarkable.

The Mission of the Union City Apostolic Church is to change lives, connect with individuals, and serve the community in every way they can by offering a life changing experience through Jesus Christ.

PROBLEM

Union City Apostolic Church faced significant challenges stemming from high printing expenses and an aging machine, leading to ongoing issues and staff frustration. The inability of many staff members to print from laptops or mobile devices compounded the problem. **Unresolved billing issues and delayed service responses hindered operational efficiency, leading to overpayment and limiting resources for the church's primary mission.**

SOLUTION

Revolution Office performed a comprehensive print analysis and tailored a solution to address Union City Apostolic Church's financial, mechanical, and service needs. **We upgraded their aging machine, right-sized their contract, and delivered personalized white-glove service.**

RESULT

Revolution Office's upgrade has significantly improved UCAC's operational efficiency, enabling a more focused approach to their mission that positively impacts both the church and the community. **Notably, the implementation not only increased productivity but also resulted in cost savings exceeding \$25,000.** This reduction in expenses empowers the church to allocate resources to other crucial ministries.

Moreover, **Revolution Office demonstrated their dedication to UCAC's mission by making an unrestricted donation to help support their ongoing initiatives.** The partnership between the Revolution Office and UCAC has empowered the church to continue to move forward helping their community.
