VENICE COMMUNITY HOUSING CORPORATION

20% Lower Costs. 99.2% Uptime. One Solution.

“

Our experience with Canon was about constant delays, high costs, and not much support. We switched to Revolution Office and from day one, their team made the process easy, the install was smooth, and the **equipment has been excellent**. We've cut our printing costs significantly, and their **generous donation to our organization** really showed us they care about the work we do.

Venice Community Housing Corporation is a nonprofit organization focused on developing and preserving affordable housing while providing vital support services to low-income individuals and families in Los Angeles. As an organization rooted in service and efficiency, they needed reliable technology partners to ensure smooth daily operations.

PROBLEM

Venice Community Housing was struggling with **outdated copiers**, frequent service delays, scanner connectivity issues, and **inconsistent toner deliveries** which disrupted their daily operations. On top of that, they were juggling **six separate copier leases**, making it hard to manage costs and support. They needed a simpler, more reliable solution.

SOLUTION

After a full assessment, Revolution Office **replaced their aging fleet with high-performance multifunction systems** designed to meet the demands of busy teams. We streamlined their **setup into a single lease**, dramatically reducing administrative headaches while modernizing their entire copier environment.

RESULT

Venice Community Housing **saved 20% on their copier spend**. They also saw a major boost in performance, with **99.2% uptime** and an average service response time of just 3.42 hours, giving their team the reliability they needed. As a gesture of shared commitment to community impact, Revolution Office also **made an unrestricted donation** to support the organization's mission.
